

Round Robin Row 8

By Patchwork Posse

May Baskets

You will need 2 different colors for each basket block, your background and bias tape for the handles {could substitute with ric-rac}

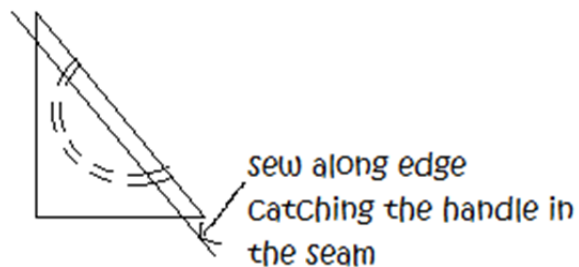

Cut:

Background—18 squares $2\frac{1}{2}'' \times 2\frac{1}{2}''$ and 9 squares $4\frac{7}{8}'' \times 4\frac{7}{8}''$

Basket Colors--- 5 squares $4\frac{7}{8}'' \times 4\frac{7}{8}''$ and 9 squares $2\frac{7}{8}'' \times 2\frac{7}{8}''$

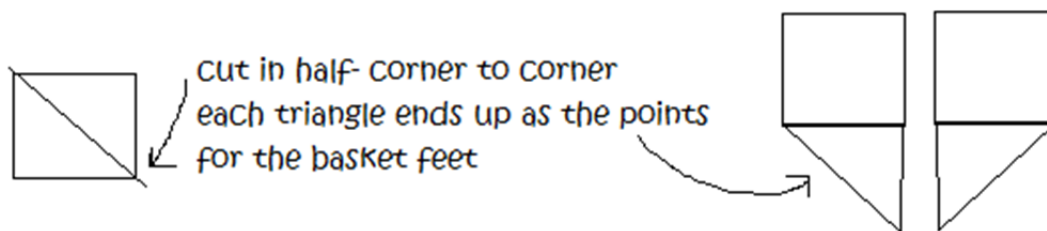

Bias Tape for basket handles -- 9 pieces 6'' each.

- 1) Place one background $4\frac{7}{8}''$ square right sides together with a basket color $4\frac{7}{8}''$ square.
- 2) Cut in half-- from corner to corner.
- 3) Pin one 6'' handle inside each triangle.

- 4) Sew together catching the handle in the seam in between both triangles. Repeat with other triangle.
- 5) Iron them open.

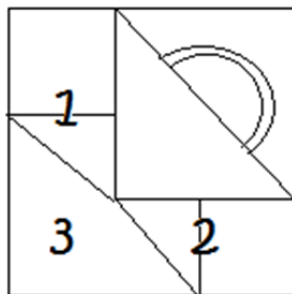

5) Take one color $2\frac{7}{8}$ " X $2\frac{7}{8}$ " square and cut in half

6) Sew these triangles to a background $2\frac{1}{2}$ " X $2\frac{1}{2}$ " square. You will get 2 that look like the above diagram.

7) Cut a background $4\frac{7}{8}$ " square in half diagonally. Sew this last in the corner under the basket.

7) Lay out the block and sew it together in the order given. Hand stitch the handle down, or tack in place.
